### **Specialized Data Systems Receives B&T's Best in Banking Technology 2017 Silver Award**

Boston, MA October 19, 2017 – We are proud to announce our recognition as Banker & Tradesman's "Best in Banking" in the Technology category for 2017. The award was received on Thursday October 19<sup>th</sup> in Boston, Massachusetts at a banquet hosted by The Warren Group. This is our fourth year receiving this award. We competed in the same category as GraVoc Associates and Dell Technologies and we are honored to be recognized for the silver award amongst such industry leaders. We are proud and thankful for our employees for their commitment and hard work they bring to Specialized Data Systems. We would like to thank all clients and partners who have contributed to our success. We will continually expand our award-winning technology throughout the financial industry.
